- 2. We do not know of any "investigative reports" concerning the photographs mentioned above. We understand that the Committee staffers have had access to and read a set of briefing notes prepared by NPIC on the above mentioned photographs. Since the notes were used for briefing rather than a formal written report they are not marked as to classification. The notes should be classified CONFIDENTIAL since they reveal methods and intelligence capabilities. We are taking action now to so classify the notes.
 - 3. This completes DDS&T action on subject request.
